

Domestic Violence Law

D. Kelly Weisberg, Ph.D., J.D.

Professor, UC-Hastings College of the Law

Hardbound • 566 pages

West Academic Publishing

This Hornbook is an authoritative, comprehensive overview of all aspects of state and federal law on domestic violence. Hallmark features include in-depth exploration of the following topics and more:

- The nature and extent of domestic violence
- The role of influential factors (age, sex, race, ethnicity, sexual orientation, disability, social class)
- The full range of physical, sexual, and psychological abuse
- Violence Against Women Act
- Criminal defenses (self-defense, duress, cultural defense, provocation)
- Evidentiary issues (Confrontation Clause, hearsay, forfeiture-by-wrongdoing)
- Family law issues (marriage, divorce, custody, and abduction)
- Orders of protection (both civil and criminal)
- Tribal law
- Up-to-date coverage of the Violence Against Women reauthorization bill before Congress, the recent U.S. Attorney General's decision reversing longstanding asylum protection for survivors, and the recent U.S. Preventive Services Task Force recommendation regarding health care screening for domestic violence.
